### **Angel In The Sky**

Standing out against the crisp blue;  
This Angel in the morning sky.  
Face so beautifully soft and radiant;  
Not a trace of pain.  
Only peace and love showing through.  
Wings outstretched; Inviting.  
Eager to embrace.

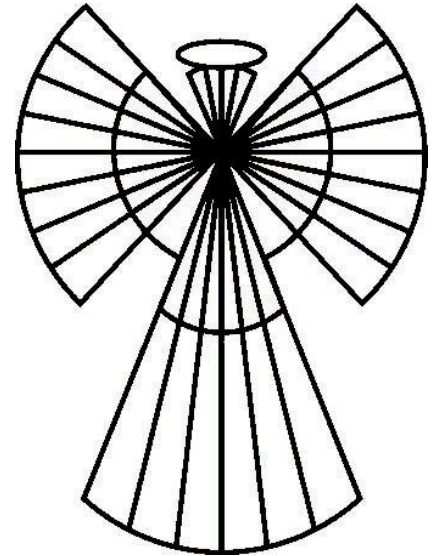

This Angel in the sky; free.  
Frolicking happily amongst wispy clouds and rainbows;  
Reuniting with family and friends of days gone by,  
along the way.

This Angel in the sky;  
Forever guiding our footsteps;  
Forever holding our hands;  
Forever brushing away the tears of sadness from our  
eyes,  
and kissing our lips with love;

This Angel in the sky;  
Forever having a sacred place of honor;  
In the hearts and minds of those who love them, on  
earth.

This Angel in the sky, forever a blessing.  
Never to be forgotten.
